The Hawaii collection is a curated range of glass swimming pool mosaic tiles inspired by the colours and clarity of tropical waters. Designed to enhance the visual movement of water, these mosaics create a luminous, ever-changing surface that brings pools and spas to life. Subtle tonal variations and a soft repeating pattern allow the tiles to interact beautifully with light, producing depth and shimmer as water moves across the surface. The result is a calm, resort-style aesthetic that transforms any pool into a relaxing retreat. Manufactured from high-quality glass, Hawaii mosaics are durable, water-resistant, and suitable for full submersion, making them ideal for swimming pools, waterlines, spas, and wet areas. Whether used for a full pool interior or as a feature detail, the Hawaii collection delivers a refined blend of colour, texture, and fluid design.
